## LITERACY, ARTS AND EXERCISE PROGRAM @ SCHOOL #45

### 2016-2017

### TUTOR APPLICATION

The *Literacy, Arts and Exercise* program serves approximately 280 students in grades 1-8 attending Buffalo Public International School #45. It is a collaboration involving CEURE, other programs at Buffalo State, the Buffalo Public Schools (BPS), and community organizations committed to promoting academic success and positive youth development. The goals of the program are to promote: (1) Positive attitudes toward learning, academic achievement and college and career readiness through homework support, intensive academic tutoring in literacy and mathematics, and project-based/experiential learning in STEAM; (2) Positive youth development that encourages students to develop into well-rounded and healthy adults through cultural/arts programming, community/service learning, and character/leadership skill; and (3) Health and wellness through sports, fitness, and physical recreation and instruction in healthy lifestyles.

CEURE is looking to recruit 25-30 Buffalo State students from a variety of disciplines, who are education majors or have a focus/interest in working with youth in the community. Buffalo State students work as **paid tutors** alongside classroom teachers with groups of 15 students, providing enrichment/recreation, project-based learning, homework support, and intensive literacy tutoring. Students will be **paid between \$10 and \$12 per hour, are required to have at least sophomore standing and be available between the hours of 2:00pm – 6:00pm a minimum of three days per week (preferably MWF or TThF). Personal transportation is not required as the school is a short bus ride from campus.**

Buffalo State students learn and practice valuable skills, build expertise, and expand their knowledge of our diverse community. All tutors receive training ranging from building positive relationships and classroom management to cultural awareness and working with English Learners. Academic tutors will receive additional training that includes implementing diagnostic and direct instruction models, and the Sheltered Instruction Observation Protocol (SIOP) Model for ELLs as part of the Intensive Literacy Tutoring Initiative.
