Viewing Florence from Piazza Michelangelo

Teacher candidates read bilingual books they created to help the children with their English

The children of San Giovanni Bosco give us a great welcome

On January 7-20 the St. John Bosco Educational First Circle ..., welcomed three professors - always guided by Professor Maria Ceprano - and eight female students of the Department of Education and Reading at Buffalo State College, to continue the joint project aimed at comparing didactic methodologies, on educational systems and teacher training.

...it seems fair to hope ... "that the cultural exchange can continue and significantly widen its horizons, in order to enrich the knowledge and strengthen the bonds of friendship and solidarity between the students from the United States of America and Italy."

- 2014: firma del progetto con la Buffalo State

From the Torremaggiore Newsletter, by Gaetano D'Andrea. President of Torremaggiore Buffalo Association (Italy) - January 2016

City of Torremaggiore
OFFICE OF THE EXTRAORDINARY COMMISSIONER
City of Torremaggiore (FG) Republic Square Tel. 0882-391109 Fax 0882-382273
Prot. N. There 811/2016, 14.1.2016

To the Representatives of
Department of Education and Reading
Buffalo State College

It is my pleasure to extend a warm welcome, on behalf of the City Administration and Torremaggiore entire community that I represent, the University Delegation which has come these days from Buffalo (USA), with which our City has completed a twinning Institutional since the year 2004.

I feel particularly honored to welcome the students and teachers of the Department of Education and Reading at Buffalo State College, present in Torremaggiore for the second phase of the project, officially launched in 2014 with the First Circle Educational "San Giovanni Bosco" and aimed at discussion on teaching methodologies, school systems and teacher training.

That the guests promote and carry out projects that aim for interactive confrontation and growth of interdisciplinary, academic, and civil communities can only be found in their consensus, and the support of the institutions bring concrete results over time, as has already emerged in embryo from the first internship experience of last year, which recorded in collaboration with the Institute students "Nicholas Fiani" and with Museum staff "Torremaggiore-Buffalo", promoter and supporter the entire planning of the pact of friendship between the Sister City.

The hope, that I give to the guests and extend it to the lecturers and Torremaggiore association mentioned just now, is that the initiated cultural exchange can continue with significant widening of horizons, in order to enrich the knowledge and strengthen links of friendship and solidarity between the students of the United States of America and those of Italy.

The Special Commissioner

F.to Dott. Aldo Aldi
